

COATI CHALLENGE!

Enrichment gives animals the opportunity to do what they would naturally do in the wild. Coatis love all kinds of enrichment; they have an excellent sense of smell and can hold and open objects with their small hands. Enrichment includes things like perfume, food in different containers, painting, and even going for a walk!

Enrichment isn't just for animals though, humans need it, too!

Activity: Make enrichment with your family

- Grab some non-toxic paint and some paper
- Try finger-painting your favorite animal... with your nose!
- Take a picture of your artwork and share it with us on Facebook!
